On the ground floor is the modern kitchen and a large livingroom/dining room which also has the access to a terrace. 3 bedrooms and 2 baths are also found on this level. Follow the stairs up to the first floor and you will have one large room that can be used as a 4:th bedroom or another livingroom, and another bathroom. Fantastic views of the mountains from the large balcony. You will see the poolarea as well from this great terrace. A lot of place to park your cars in front of the house.
